

● Adhesive tape suitable for non-slip and anti-dirt-adhesion uses.

# Chukoh Flo<sup>®</sup> Adhesive tape ACH6000

## ● OUTLINE

It is a high performance adhesive tape which has silicone roughness and also excellent release, grip, and cushion properties. It is also superior in heat resistance with silicone adhesive and can be applied to silicone rolls.

## ● CHARACTERISTICS

- Heat resistance
- Anti-dirt-adhesion
- Cushion property
- Non-slip property

## ● APPLICATIONS

- Giving feed rollers tractive force in paper manufacturing, weaving, and printing process.
- Anti-adhesion of dirty in manufacturing films and bonded fabrics.
- Applying adhesive.
- Where release property and abrasion resistance are critically required.

## ● SPECIFICATION

Nominal thickness (mm)	Width (mm)	Length (m)
0.65	50,100	25

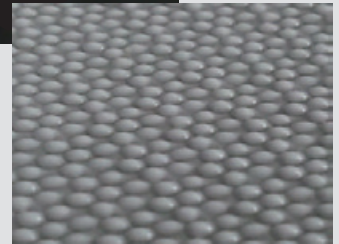

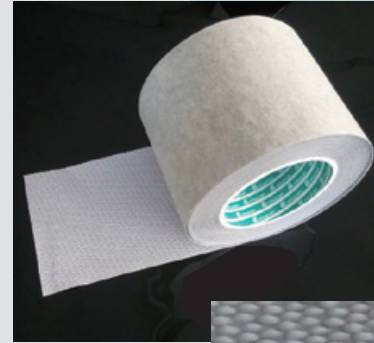

※Other width is also available. Please contact us.

## ● COMPOSITION

## ● PERFORMANCE

	Unit	xACH6000
Nominal thickness	mm	0.65
Adhesive strength	N/25mm	5
Adhesive strength between base material and adhesive	N/30mm	0.10
Maximum Continuous Service Temperature	°C	130

※The above are measured value, not guaranteed value.

※The above values were measured at the experimental stage, so, they could be changed.

## WARNINGS

- Do not use in applications in contact with the human body such as medical care, etc.
- Dispose products in compliance with the related laws and regulations and absolutely do not incinerate them.
- Do not use the product higher than the maximum continuous service temperature.
- Carefully read the catalog, product safety data sheet (MSDS), and fluoroplastic instruction manual in order to maintain functions essential to products and use products safety.
