Adhesive tape suitable for non-slip and anti-dirt-adhesion uses.

OUTLINE

- Silicone adhesive and also excellent release, grip, and cushion properties.
- Superior in heat resistance with silicone adhesive and can be applied to silicone rolls.
- Heat resistance
- Anti-dirt-adhesion
- Cushion property
- Non-slip property
- Giving feed rollers tractive force in paper manufacturing, weaving, and printing process.
- Anti-adhesion of dirty in manufacturing films and bonded fabrics.
- Applying adhesive.
- Where release property and abrasion resistance are critically required.

CHARACTERISTICS

- Do not use in applications in contact with the human body such as medical care, etc.
- Dispose products in compliance with the related laws and regulations and absolutely do not incinerate them.
- Do not use the product higher than the maximum continuous service temperature.
- Carefully read the catalog, product safety data sheet (MSDS), and fluoroplastic instruction manual in order to maintain functions essential to products and use products safely.

APPLICATIONS

- Other width is also available. Please contact us.
- The above values were measured at the experimental stage, so, they could be changed.

SPECIFICATION
